Lifestyles of the Past

Geography
Geographical Inquiry
Geographical Skills & Fieldwork
Location & Place Knowledge
Human & Physical Features
Sustainability

Religious Education
Learning from Religion
Learning about Religion
Christianity
Islam
Judaism
Hinduism
Non-Religious Beliefs

Writing:
Children will develop writing skills beginning with playscripts, followed by instructions and finally, poetry involving the senses.
Children will also learn about the implementation of various grammatical features.

Computing:
Children will develop their use of coding to control a sprite using the programme Scratch. The children will explore new blocks and ways to debug code.

Design and Technology:
The children will be using their cutting and joining skills to develop a free-standing Stone Age roundhouse. They will also create cladding for these to make them aesthetically pleasing.

PE:
Within PE lessons this half-term, the children will develop their skills through handball, as well as developing their core skills during fundamentals sessions.

Modern Foreign Languages:
This half-term, we will be learning through a unit called 'school days'. This will include learning the days of the week, counting and naming classroom objects in French.

Reading:
The class will continue to share the class text 'The Stolen Spear'. The children's reading is developed through individually with adults in school and through reading comprehension tasks. We use the Accelerated Reader programme to encourage reading and to aid assessment.

PSHCE:
This half-term the children will learn about citizenship. What rights and responsibilities do we have and why is this important?

RE:
For this half-term, we will be learning about how festivals and worship matter to Muslims. The children will learn about the daily lives of Muslims, places of worship and the importance of prayer.

Christian Ethos:
Making Good Choices is the common theme that will be considered this half-term and will be a topic regularly discussed across the curriculum.

Mathematics:

Addition and subtraction is the first area that will be taught and developed within this half-term. Leading on from this will be the development of children's skills, knowledge and reasoning in relation to multiplication and division.

History:

This half-term, the unit of work will cover how Britain changed from the Stone Age to the Iron Age. Children will learn the importance of considering the origin and reliability of historical sources.

Music:
The learning for this half-term will be playing the glockenspiel. This will include themes around the dimensions of music as well as singing and playing.

Science:
The learning will focus on the skeletal systems of animals and humans. Children will consider function, structure and differences between animals. Children will also be encouraged to develop their scientific thinking in areas such as observation, recording and concluding.

Extra Curricular Learning:
This half term, there will be Martial Arts club available for the children. There is also a 4 week parent session to help parents support children with home learning in KS2 and KS3.
